

Hold you Tightly

*I'll hold you tightly
If you'd only give me a tiny chance;
And*

*I'll lend you an ear
If you'd only call to me,*

*I'll wipe away the hurt from your teary eyes,
If you'll only give me your pain
And*

*I'll give you my everlasting peace
If you'll only lean on me.*

*My eyes are always opened wide,
And*

*My ears are finely tuned
My arms embracing and my heart is waiting.*

*So, come to me, broken and discarded,
I've called you by name.*

*Your tears are mine your words I've spoken,
Your pain I've seen, your anguish I've known.*

*Give me a chance,
Just a little time
And I'll give you everlasting peace with
New dreams to hold
To replace your broken and battered soul.*
