

## *Our Help*

*Our help comes from You, Oh God  
The one seated on the throne  
We wander around, feeling lost and alone  
Crying out to you enough is enough,*

*Take my hand child and seek my face  
You will find me, lost in my heavenly grace  
I will help you endure another day  
Seek me, find me, and search me you pray.  
Know that I am here when  
Enough is enough and your heart  
Is tearing with stuff  
And pain is surrounding your life,*

*Touch my hand child  
Come sit with me awhile  
Here you will find peace to endure  
Hope, security and love for sure,*

*Our help comes from You oh God  
The one seated on the throne  
Calling, crying out to you  
Come take me to your precious home,  
Not yet my child  
It's not your time  
Just grab my hand and know you are mine,*

*I am sitting beside you, you are not alone  
It is I, I am on the throne  
One day you will be sitting here in  
My heavenly throne.  
One day, when it is I who will call you home.*
