

Isaiah
Chapter 61

v. 9-- He is speaking here of us--We are known as God's people and our seed is blessed!!! Haleluia!!

v. 10-- Praise the Lord!! He has clothed all of us in His Righteousness and Salvation. We are now His blood brothers, with a right to come confidently to the throne of the Almighty--Creator of the Universe, knowing He loves each of us individually as though we were His only creation!!

v. 11-- His righteousness and praise springs forth from all nations! It's happening now!! People are being saved by the thousands all over the world!!

Chapter 62

v. 1-- We should not hold our peace until all who have been called by God will come to His glory.

v. 2-- All people do see our righteousness, and the Lord has called each of us by a new name. We are a new creation and our new name is pure, sinless, spotless, righteous, victorious, and joyous.

v. 3-- Jesus said in John 17:10 that we are glorified through Him --we are His Glory--We are His weapons against Satan's rule of the earth.

v. 4-- Once we have Jesus we are never forsaken. We will never be desolate. We have a new Name (62:2--also Rev. 2:17) and a very personal relationship with Jesus that no one else ever had, has, or will have. He delights in everything about us. We are each beautiful to Him, and He wants to share every detail of our life with us! We are living His life since we made the exchange, and thus how can we make decisions without consulting Him, or live any moment apart from Him!

v. 5-- We are all one--a corporate bride for Jesus--We are to be of one purpose, to praise God and rejoice in Jesus as He rejoices in us!!

v. 6-- We are protected--Satan can't touch us once we're with Christ. He wants us to witness of Him--keep not silent--shout it from the rooftops!!

v. 7-- We must keep working until we've put all of Jesus' Body--God's Word into the Earth and make the whole earth praise God!!

v. 8-9-- Satan and his forces can't take those given to God--But those people won to Christ will be our joy and our harvest for God.
