

Finding Our New Home and Making New Friends Page 3

My husband Lee was gone a lot, sometimes three nights a week, but I kept very busy. Our dog, King, was my constant companion and he would even listen to me reading Scriptures. King loved it here and he adjusted quickly to his new home. He could go roaming around the place and do whatever dogs would do. He was big, furry, and beautiful; part Husky. Now he is gone, and I miss him very much to this day.

Three months had passed, and it was time for my Mom to bring my grandmother up to live with us. I could hardly wait for her to see her new place and for my mother to see it, too. We bought Grandma a small single wide trailer and put it right next to our home. Lee built a ramp so that she could just walk over real easy. I Loved my Grandma a whole bunch... she had always been a big part my life. Now it was my turn to care for her. She was eighty-eight when she came. Mom thought the place was beautiful, but said that she would not ever to move to this wilderness. Well, I have learned to never say never when GOD Is Involved! Any way, that story is not for this page, but she has been living here for a few years, but it took fifteen years before she would come. GOD Made it Happen though... Praise The Lord!

The first week we were here, I saw wild white-tailed deer and wild turkeys. One day, I even spotted a cougar! All the other native birds and animals are here, too, including owls, grouse, rabbits, and wolves. The Lord Kept me from being afraid when Lee was gone, and we had all kinds of 'happenings' to keep me from getting bored. Soon afterward, I was in the little critter business. I had fourteen bunnies, fourteen chickens, and a rooster. I even purchased fifty Bob White quail. What a Joy it is learning to understand and to Love GOD'S little animals. Then, our younger son came up and brought me his cat, as he was not permitted to have it in his apartment. Her name was Pepsi... and she lived to be nineteen years old! We bought some geese for our acre pond, but that is yet another story; and although some of this does not seem very Spiritual, it has all had a part in making me the woman of GOD that I am today. We need to learn sympathy and compassion for even GOD'S lesser Creatures... they can be our friends, too. ☺

Many nights as we gathered around the campfire, singing and giving Glory to GOD, something mysterious would happen. It seemed that many Angels would join us in our Worship, and sometimes a beam of Light would Shine

down were we were gathered. The Lord Manifested Himself to us many times and in many different ways. Everyone who came on our property, whether a Believer or not... would remark on how they felt the Peace that surrounded the place. I truly feel as if we have a little piece of Heaven here. What A Blessing It Is that GOD Would Personally Have Fellowship With us! There is nothing more Rewarding or Fulfilling to our Lives than that The Creator Of The Universe... The One And Only True And Living GOD, Would Care To Have Communion with us!! What Holy And Sanctified Times They Are!! Oh, **Alleluia!!!**

The prayer meetings continued, and our small group of about nine or ten would be In The Spirit each time. The Lord's Presence Would Fill our hearts to overflowing with His Sweet Comforting Love, And He Would Minister To us, And Fulfill **all** our needs... Spiritual, emotional and physical. The HOLY SPIRIT Always Leads us to A Higher Place In GOD, Teaching us how to be more like JESUS, And To Greater Blessings. It seems almost too good to be true... but It Is! Oh GOD, We Love you!!
